# Description

The exclusive residential CAMPANA GARDEN is a new project that is being built in the town of Finestrat, very close to the wonderful beaches of Benidorm, Cala de Finestrat, Villajoyosa, Denia and Altea, among others.

Our team has designed with great care this exclusive complex so that each and every one of the owners enjoy splendid views over Benidorm and the Mediterranean Sea.

You will have the opportunity to choose between 4 different types of homes that will be built in 3 different phases.

Phase 1, called COSTALIFE, is composed of 23 homes that will be built on independent plots of approximately 400 meters.

These villas have 3 bedrooms, 2 or 3 bathrooms, kitchen, large living room with sliding doors that give access to the terrace, garden, pool and basement (basement is an extra option and measures 70 m2 apr.).

These villas are being built with top quality materials and with a unique design so that the owner can enjoy wonderful views over Benidorm and the Mediterranean Sea.

In this phase the client can decide between 2 types of different villas: either the villa built on one level (model AQUA) that has a wonderful solarium and the possibility of having a basement, or the villa built on 2 floors (VIEW model) includes pool and the possibility of having a private basement.

VIEW model villas this phase are all sold.

Soon construction of a new phase begins.

Leave your email and we will let you know when the construction will start.
