Description

Under construction the first phase of 3 high standing villas with a unique and innovative concept on the Costa Blanca. Designed for customers in search of a combination of design, tranquility and nature. The exclusive design and the highest quality materials merge together with the resources that nature offers us. All this in a paradisiacal environment just 4 km from the Arenal beach and 6 km from the center of Jávea.

Several models of houses to choose -built surfaces between 185 m² and 190 m²- distributed on a single floor accessible to the whole plot with a day area composed of living room, kitchen, laundry room, courtesy toilet, porch and pool; and night area with 3 bedrooms and their corresponding full bathrooms. As there are no walls or visual obstacles, a spectacular and natural light is generated thanks to the glass separations.

The villas have a fantastic view of the Montgó mountain and are located near the natural park of La Granadella.
